Dear Matt

Your interactive live presentation at Perth Business Swap was marvelous.

You alerted our audience to new awareness, respected their differences, honored their thinking styles and kept them involved and interested.

To say it was WOW is truth.

The timing of your presentation was perfect – people are in the frame of mind of BAS, second half of the financial year, Chinese New Year, abundance, prosperity and how are we financially situated in terms of the 'rest of life'.

Your presentation was professional and timely.

Thankyou.

Kind Regards
